Summer 2025

## Summer Reading Programs

From June 30- August first, the Holyoke Library will be presenting their Summer Reading programs.  
**LEVEL UP AT YOUR LIBRARY!**

Play is one of the ways we learn to relate to others. Level Up at Your Library reminds us that libraries are not just a space for knowledge; they are a space for fun!

The Children's room, Teen room and Adult Services will have many fun activities all summer to keep everyone engaged and entertained. *Level Up at Your Library* is an all-ages summer reading program based around puzzles and games. Check out [THIS VIDEO](#) and the [HPL website](#) for more info.

**We hope to see you all this summer! See our full listing of events on page 2.**

**Our Summer Reading Kick-Off party was held on June 26th and was a fun start to the Summer Reading program. And was a great success!**

The Children's, Teen and Adult librarians were all outside engaged with parents and kids.

Balloons created by Bruce Bowey - an award-winning family entertainer who delights audiences with his hilarious blend of magic tricks, ventriloquism and balloon twisting.

## Thank You!

Thanks to all who attended the seven lectures and workshops we hosted over the course of the Spring. In March, we were also glad to welcome students from HCC's Education in America class, who dug into materials on schooling in Holyoke and asked great questions.

In April, we designed a private professional development experience for staff from Wayfinders, who explored our extensive collection of documents on local urban planning and renewal. The History Room is now working on scheduling

events for the fall.

And, as always, much thanks to the interns and volunteers who keep our work moving forward.

## Important Message on Funding Cuts

*Message from Massachusetts Board of Library Commissioners (MBLC) Director, Maureen Amyot*

**Massachusetts Libraries**  
BOARD OF LIBRARY COMMISSIONERS

### Federal Uncertainty Causes Cuts

On March 14, 2025, President Trump signed [Executive Order 14238](#) eliminating the Institute of Museum and Library Services (IMLS).

*"The President has determined that the Institute of Museum and Library Services is 'unnecessary.' But we know the opposite to be true. We know that welcoming ALL, including diverse voices in our collections, and providing free and equitable access to library services make public libraries the cornerstone of a free democratic society," said Director Amyot. "Libraries change people's lives. That's why these reductions in critical library services hurt. ..."*

At the annual Massachusetts Library Association conference, MBLC Director Maureen Amyot addressed the impact of ongoing federal uncertainty caused by the executive order and spoke about the MBLC's efforts to preserve as many [federally funded statewide services](#) as possible. Director Amyot announced the FY2026 plan for statewide research databases, the statewide eBook program, and the Commonwealth Catalog.

The MBLC spends close to \$2.2 million of its federal allocation to fund [statewide research databases](#), an amount that cannot be made up in state funding. Databases provide every Massachusetts resident with trustworthy online content covering topics such as science, health, history, biographies, and more. Last year, there were over 9 million full-text downloads from research databases, an increase of 12% in just one year. Sixty percent of database usage comes from schools. Starting on July 1, 2025, statewide research database offerings will be significantly reduced.

Support for the eBooks will continue. Residents borrowed close to two million eBooks and audiobooks through LEA last year, an increase of 19% in just one year. The funding for the Commonwealth Catalog (ComCat) will also continue for FY2026. More than 103,000 items were borrowed through ComCat last year. Maintaining these services comes with the [elimination of services that were announced in April](#) and the MBLC anticipates announcing further reductions in the coming weeks.

In Massachusetts, there were 28 million visits to public libraries last year and people borrowed more than 59 million items. Since 1996, federal funding from IMLS has been essential in ensuring the Commonwealth's residents have equitable access to library services regardless of geographic location, social or economic status, age, level of physical or intellectual ability, or cultural background.

[Visit the MBLC website.](#)

## Holyoke Summer Cooling Stations

There is hot, and then there is hot! Extreme heat is a period of high heat and humidity with temperatures above 90 degrees for at least two to three days. Extreme heat is responsible for the highest number of annual deaths among all weather-related hazards. If you do not have AC, cooling stations are available around Holyoke. The Holyoke library is a designated cooling station.

Also Check out - **Holyoke Mall, the Senior Center and Pouliot Pool** at 575 Maple St, Holyoke, MA 01040. Open - 9am-6pm. Day passes are \$3. Maximum cost for families is \$20. Kids under 6 are free.
